

Small Donors Fight to Save L.A. from Greedy Developers, Backing Neighborhood Integrity Initiative

FOR IMMEDIATE RELEASE

August 2, 2016

The Coalition to Preserve LA warmly thanks its more than 200 donors, small and large, who gave us an average of about \$25 each before a June 30 donation-reporting deadline to help us fight greedy developers and the City Hall politicians who take their money. Our donors seek to enact the Neighborhood Integrity Initiative on the citywide ballot next March to force City Hall to follow the rules, do its job, and end its severe rule-bending to allow the overdevelopment that is destroying our communities.

Tens of thousands of supporters across Los Angeles back the Neighborhood Integrity Initiative. But we are especially honored to see the very rare act, in Los Angeles, in which small donors from every part of this city stepped forward to save our neighborhoods and our affordable housing from a frenzy of outsized luxury developments, halt developer control over what L.A. becomes, and fix this broken system at City Hall.

This is a movement about real people fighting for livability and affordability, and against the horrific local street gridlock, displacement of tens of thousands of residents, and soaring housing costs spurred by the Los Angeles City Council's obsession with pleasing greedy developers who shower them with campaign cash and lobbying.

Thank you to our donors, large and small:
